Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

RURAL SCHOOL CONSOLIDATION: A BULLETIN OF INFORMATION ISSUED BY THE OKLAHOMA STATE BOARD OF EDUCATION 1911 (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Rural School Consolidation: A Bulletin of Information Issued by the Oklahoma State Board of Education 1911 I have always been a firm believer in educating the farmer s child at home. I am further of the opinion that he is entitled to every advantage possible to be given him by the State in which he lives, believing that a better educated farming population will make a greater and better State and Nation. I am thoroughly familiar with farm life, and realize that the greater per cent of the farmers are not so situated that they can send their boys and girls away from home, and pay the necessary expenses while attending the high school and college. These conditions have made me a strong advocate of a consolidated school system. Leaders of educational thought in all sections are advocating the consolidation of schools. Practically all of the county superintendents of Oklahoma are in favor of the movement, and they should be supported in their efforts to establish this system. In urging consolidation of schools in Oklahoma, I realize that while in many communities the conditions are ideal, there are also other communities in which consolidation is next to impossible. I would not advise that any consolidated school district be formed, (with a view to transporting the children), which has a valuation of less than \$300,000.00. It is my belief that such a condition would be burdensome. On the other hand, I insist that in all districts of \$400,000.00 valuation, it is advisable, and in districts where as much as \$500,000.00 valuation could be had, there is but little argument that can be offered in opposition to consolidation with transportation. I...
