Brand New Book ***** Print on Demand *****.*Includes pictures*Includes accounts of fighting by soldiers on both sides*Includes online resources and a bibliography for further reading*Includes a table of contents"We in the tower were given a chance to view the holocaust. Three vessels lay heavily listing, shooting smoke and fire columns into the air. White lifeboats hung head-down in their davits. Two destroyers raced toward the dying ships. It was a painting of rare and vivid colors." U-boat commander Herbert A. Werner, describing a submarine attack in August 1941 (Werner, 2002, 53).Danger prowled under both the cold gray waters of the North Sea and the shimmering blue waves of the tropical Atlantic during World War II as Adolf Hitler s Third Reich attempted to strangle Allied shipping lanes with U-boat attacks. German and British submarines combed the vast oceanic battlefield for prey, while scientists developed new technologies and countermeasures. Submarine warfare began tentatively during the American Civil War (though the Netherlands and England made small prototypes centuries earlier, and the American sergeant Ezra Lee piloted the one-man "Turtle" vainly against HMS Eagle near...

Reviews

This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.
