Rivercrest Publishing. Paperback. Condition: New. Conspiracies are very real. Here is proof that the world is more strange and far more evil and dangerous than you and I can even imagine. For over two decades researcher and author Texe Marrs has investigated true history and real news. In Conspiracy World you get some of the best of his findings and results. What you read in these pages may well surprise, shock, and anger you. In some cases, discovering the hard, cold facts might even frighten you out of your wits. This is not the politically correct, tainted and flawed news stuff you typically read in your newspapers or view on controlled media TV programs - CBS, ABC, NBC, Fox, etc. What Texe Marrs has done is rip off the veneer. Tearing away the pretense and dismissing the Orwellian doublespeak of mainstream politicians and educators, he tells readers exactly what really happened, he examines what is going on now at this moment that seriously affects your life, and more important, he reveals tomorrow's news today! His track record for predictive events is breathtakingly on-target. In this stunning and fascinating huge volume, you will learn of things secret, and things forbidden about government coverups and scandals, of Big Brothers fast-growth police state, the truth about the Illuminati and secret societies, mind-boggling disclosures concerning UFOs, aliens, and extraterrestrials, the inside scoop on dangerous cults and unholy, wicked religions, the scary true story of mind control, satanism, and black science, the facts about the elitists goal of depopulation of planet earth, and about actual plans for 21st century concentration camps in the U. S. A. You'll also discover evidence exposing the power elite of global banking cartels who have greedy designs on your wallet. Read and be amazed. Then, tell others what you have...
