This is something that many have sought to do and Professor Apatow s book certainly must be regarded as one of, and perhaps the most successful work to do this. -- Rav Yehoshua Gerzi The Bible is filled with so many wonderful and inspiring stories, but have you ever wondered how all those stories fit together? Is the Bible just telling us history lessons from the past, are all those stories part of a greater lesson that we are supposed to understand? At age 32 Avraham Apatow, a professor of Greek philosophy began to study and practice Judaism for the first time in his life. He eventually moved to Israel where he studied with some of the leading contemporary rabbis and scholars. In Jerusalem he met Moshe Kline, an independent scholar who rediscovered a lost tradition for how to read the Torah. Moshe Kline discovered that the most important Bible Code is an inner logic for unlocking the messages of the Bible s stories and laws. After studying this lost tradition for several years with Moshe Kline, Professor Apatow was able to unlock the mystery of The Five Books of Moses and its message. In Genesis Revealed, Professor Avraham Apatow presents the message of Genesis with simplicity and clarity. Professor Apatow presents an elegant, new translation of Genesis and a revolutionary commentary that reveals the hidden structure of Genesis. You will discover in a simple and accessible presentation...
